BACKGROUND

Our Story

We're not just a fashion label; we're a celebration of modesty and a canvas for individual expression, empowering women through timeless abayas that combine comfort with unique style. We're redefining modest fashion with inclusivity and environmental consciousness at our core. Our designs are statements of empowerment and sustainability, ensuring every woman feels extraordinary in her choices, where fashion becomes a canvas for creativity, and confidence is wrapped in comfort and style.

THE MAKING OF IFTIIN

Our Process and Production

Designed in Minnesota , hand-crafted in India.

All products are designed in-house by Amira and her team; from our custom color curation to our airy, breathable fabric, we create Abayas to serve and celebrate the Iftiin community. We work closely with cotton mills and a small, women-led team of artisans in southern India to cultivate our own one-of-a-kind fabrics. We work in small batches to release capsule collections throughout the year and focus on community and sustainability each step of the process.
